**2005 Parish Health Profiles –
Public Domain**

The Profiles are a work-in-progress. These documents are public information written for the benefit of the public. Our request to you, the reader, is to complete and return the evaluation form, included at the end of this document. Let us know what you found useful for your work in communities. Your input will help us improve the next issue.

Please feel free to copy and distribute all or parts of this book as needed.

Thank you.

This public document is one volume of a set of 64 (one for each parish). Thirty-nine copies of this volume were printed at a total cost of \$141.18. Thirty-nine copies of the entire 64 volume set (2,496 total copies) were published at a total cost of \$9,035.52 (\$3.62 per copy). This document was printed for the Department of Health and Hospitals, Office of Public Health by Key Office Equipment Inc., 2875 Millerville Road, Baton Rouge, LA 70816, in accordance with standards for printing by state agencies pursuant to R.S. 43:31.
